**From the desk of Father Koys
Dear Parishioners,**

In today's gospel, Jesus tells a story about two brothers. The message Jesus conveys involves one brother changing his mind and doing the right thing. I wish to share with you an issue from the world of cosmology. I must admit, I wasn't all that excited about cosmology in school, and the famous atheist cosmologist Carl Sagan left me wondering if he was legit or mistaken. I particularly didn't like his evaluation of me as an insignificant collection of "star stuff". My destiny after my death was no different than the destiny of a fallen tree. We were both destined to return to mere atoms and particles of the universe to perhaps be reformed into stars or planets or whatever. Hopes of life in heaven singing God's praises and communing with the saints was a hopeless child's fairytale. Such are the thoughts that many modern scientists want us to believe and frankly are convincing many of our young people in high schools and colleges everywhere.

But thanks to a brilliant scientist by the name of Stephen Meyers, his research and evaluation of the evidence of modern science is changing the minds of many. In his book, 'Return of the God Hypothesis', he presents new evidence that actually calls into question the apology the modern world has made about Galileo. In other words, there is much evidence to suggest that we should apologize for apologizing to Galileo when he insisted that the earth was NOT the center of the universe. Galileo came to that conclusion when he proved that the earth goes around the sun and not the other way around. Now to be fair, Meyers is not denying that the earth goes around the sun, but he is saying that something now known as the "cosmic microwave background radiation map" requires us to re-evaluate our understanding of the earth's place in the universe.

You see, because satellites can take pictures above the earth's atmosphere with photographic plates that capture more light than a human eye can, and there are even satellites that have travelled past the orbit of Pluto, something called cosmic radiation is photographed. Scientists who accept the Big Bang theory know that such a bang would have certainly created a huge amount of radiation that would still be

traveling farther and farther out into distant space. Here's the amazing thing. Our modern methods of capturing distant light are revealing a kind of sphere out there of this cosmic microwave background radiation. When they "map" it, the most distant of this radiation light at the edge of this sphere shows that no matter what direction you point your "camera" from planet earth, those distances are pretty much the same. One explanation of this evidence is that the earth is in the center of the universe. Or at least our solar system is in the center. That would still allow us to believe the earth revolves around the sun. I may have to change my mind about apologizing to Galileo. And my faith in God as the master of the universe is strengthened.

Fr Thomas Koys, M.A., S.T.L.

And now a few things the Parish wants you to know:

- Join Father Valdi on an exciting and meaningful pilgrimage! In the spring join him in Vietnam and Cambodia. Don't miss out on this meaningful experience. More details can be found in the bulletin and in the back of the church.
- Wednesday, October 4th, there will be a pet blessing in front of Church at 7:45 AM in honor of St. Francis Of Assisi. Please bring your pets to be blessed.
- Please join your fellow parishioners for Little Flower Triduum in honor of St. Therese of Lisieux, which will be held October 5th, 6th, & 7th right after the morning Mass. Last day there will be a procession in the church and veneration of the relic of St. Therese. Special envelopes to enroll individuals in the Little Flower Novena are on tables in the back of church.
- We are looking for someone or a family **ASAP** to chair our "Tree of Love" Ministry this Christmas season. If you are interested, please see the bulletin for more information.

Dear Parishioners,

We have now started the beautiful month of October. Everyone is settled in school, moving forward with learning a variety of new and challenging concepts, and enjoying the chance to be outside in the cooler temperatures.

This past Thursday students brought home their first trimester progress report along with their beginning of the year i-Ready diagnostic scores. These diagnostic scores help the teachers to personalize and guide instruction.

This past week found our Morning Prayers focusing on the Book of Genesis, especially creation.

Wednesday, October 4th is the Feast of St. Francis of Assisi. The school students and staff will all gather outside and watch our pets blessed! We are all thankful for these special companions given to us by God. Please join us between the church and school at 7:45AM.

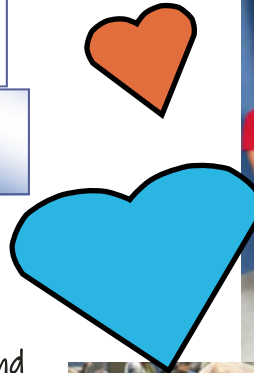

Next week we will enjoy a nice long weekend. Students are off on Friday, October 6th for a teacher professional development day and everyone will be off on Monday, the 9th for Columbus Day. It will be good to have a short break after working so hard the past several weeks!

As always, thank you for your continued support and commitment to our school.

Sincerely,

Mrs. S. Tkachuk
Principal

Shout out to our kiddos and their parents who volunteered their time at Feed My Starving Children over the weekend.

Consecration of the Precious Blood at Mrs Koys' Funeral Mass

Eternal rest grant unto her, O Lord, and may perpetual light shine upon her, and may her soul and the souls of all the faithful departed rest in peace.

With Deepest Gratitude

I don't know how to adequately express my gratitude for the many kind words and prayers offered for mom and to me following her passing. And even beyond that, the many hours expended to prepare St James to host the wake, the "This is Your Life" presentation, and the funeral Mass. This past weekend was living evidence of the spirit of St James: unfailing reverence & devotion, selfless giving, warm hospitality, genuine compassion, and to boot, refreshments for all. To all those who had anything at all to do with putting every good thing about our St James family forward, please know that you have my deepest gratitude and my prayers. Maybe you heard a letter Mom wrote to Dad that Marylou read at the funeral. In it, she expressed a deeply Catholic sentiment and lesson. She thanked God for her husband and family and considered it a foretaste of the glories of heaven. Not only was mom a great singer, wife and mom, she was a fine theologian. Fr. Koys

BABY BOTTLE PROJECT ~ Beginning October 1st, SS. Cyril & Methodius Parish will be participating in **The Baby Bottle Project** benefitting **The Women's Center of Greater Chicagoland**. This non-profit organization directly assists mothers and families experiencing crisis pregnancies by offering emotional, financial, material and spiritual support through counseling, clothing and monetary provisions, prayer, and other aid. Each year the three locations together have over 3,500 appointments with expecting mothers. By God's Grace, the Women's Centers have saved over 41,000 babies-and their expectant mothers-form abortion since opening in 1984.

Please take a Baby Bottle home with you on **October 1st**, fill it with your spare change and return it to church the weekend of **October 28th & 29th**.

This is a simple, but crucial fundraising effort for **The Women's Centers**. Please note the Baby Bottles cost almost \$1.00 per bottle and are cleaned and reused afterwards so please return upon completion of the project. **Thank you for helping defend life** and remember to keep all pro-life undertakings in your prayers.

Dear Father Valdi and the Parishioners of St. Cyril and Methodius Church,

We want to take a moment to thank you for the years of love and support for the multiple projects we were able to accomplish because of your generous donations! As a Sister Parish to the Missionaries of the Poor in Kenya, you have done an outstanding job providing financial means to allow the brothers in Kenya to run the John Paul II clinic. The clinic is open every Saturday and serves the poorest members of the Chokka community in the slums of Nairobi.

Without your continued support, many sick who cannot afford medical care in private clinics would be left untreated and without proper medication.

During all Sunday masses of the weekend of **October 7th and 8th**, volunteers from our group will talk about their experiences from their mission trips to Kenya. The volunteers will share about the lives of the missionaries and the important works they have been able to accomplish because of your loving support. **Please join us at any mass that weekend to pray together and to listen to the testimonies of the volunteers along with a 2-3 min video presentation.**

Thanks be to Almighty God for using us all as the instruments of his love and mercy when we serve the least of our brothers and sisters.

**Z biurka wikariusza pastora****Drodzy Parafianie,**

W dzisiejszym ewangelicznym czytaniu, Jezus opowiada historię o dwóch braciach. Przesłanie, który przekazuje Jezus, dotyczy jednego z braci zmieniającego swoje postępowanie na lepsze. Chciałbym podzielić się z Wami

pewnym zagadnieniem z dziedziny kosmologii. Muszę przyznać, że w szkole nie byłem zbyt zainteresowany kosmologią, a sławny ateistyczny kosmolog Carl Sagan pozostawił mnie z pytaniem, czy był rzeczywiście autentyczny czy się mylił w swej teorii. Szczególnie nie podobała mi się jego ocena mnie jako mało znaczącej kolekcji „materii gwiazdnej”. Moje przeznaczenie po śmierci nie różniłoby się od losu upadłego drzewa. Oboje mieliśmy być przeznaczeni do powrotu do zwykłych atomów i cząstek wszechświata, które być może miałyby zostać przekształcone w gwiazdy, planety czy coś tam jeszcze podobnego. Tak więc, nadzieja na życie w niebie, śpiewanie pieśni ku chwale Boga i wspólne radowanie się ze świętymi, pozostały beznadziejnym baśniowym snem dziecka. Takie myśli chcą przekazać nam współcześni naukowcy i w rzeczywistości przekonują do tego wielu młodych ludzi w liceach i na uczelniach całego świata.

Ale dzięki błyskotliwemu naukowcowi o imieniu Stephen Meyers, jego badania i ocena dowodów nauki nowoczesnej zmieniły zdanie wielu osób. W swojej książce "Powrót Hipotezy Boga" przedstawia nowe dowody, które w rzeczywistości kwestionują przeprosiny świata nowoczesnego związanego z Galileuszem. Innymi słowy, istnieje wiele dowodów sugerujących, że powinniśmy przeprosić za przeprosiny skierowane do Galileusza, kiedy upierał się, że Ziemia NIE jest centrum wszechświata. Galileusz doszedł do tego wniosku, dowodząc, że Ziemia krąży wokół Słońca, a nie odwrotnie. Aby pozostać neutralnym, muszę wspomnieć, że Meyers nie zaprzecza, że Ziemia krąży wokół Słońca, ale mówi, że coś obecnie znanego jako „mapa promieniowania tła mikrofalowego” wymaga ponownej oceny naszego zrozumienia miejsca Ziemi we wszechświecie.

Ponieważ satelity mogą robić zdjęcia nad atmosferą Ziemi za pomocą płyt fotograficznych, które przechwytyują więcej światła niż oko ludzkie, a istnieją nawet satelity, które podróżowały poza orbitą Plutona i fotografuje się coś zwanego promieniowaniem kosmicznym. Naukowcy akceptujący teorię Wielkiego Wybuchu wiedzą, że taki wybuch na pewno stworzyłby ogromną ilość promieniowania, które wciąż podróżowałoby coraz dalej w odległą przestrzeń. Tutaj

właśnie wskażę na niesamowitą rzecz. Nasze współczesne metody przechwytywania dalekiego światła ujawniają rodzaj sfery promieniowania tła mikrofalowego. Gdy je „mapują”, najbardziej odległe światło promieniowania na krawędzi tej sfery pokazuje, że niezależnie od kierunku, w którym skierujesz swoje „aparaty” z planety Ziemia, te odległości są niemal takie same. Jednym z wyjaśnień tego dowodu jest to, że Ziemia jest w centrum.

Fr Thomas Koys, M.A., S.T.L.

Bible Study on the Eucharist led by Jim Anderson,
Catholic convert and former Episcopal Priest.

The Eucharist is called the 'source and summit' of our Catholic Faith. But do we really understand the depth of its meaning? In Father Mitch Pacwa's *The Eucharist: A Bible Study for Catholics*, you will see the essential connection between the Eucharist and the Scriptures, and through reflection and discussion, you'll learn to apply the principles in your own life. This study could enrich your experience of the Holy Mass and allow you to meet Jesus in a deeper way.

Register at the St. Cyril & Methodius Parish Office, 608 Sobieski, Lemont, IL. WRITE "EUCHARISTIC BIBLE STUDY" on the envelope and include your:
